Dear Neighbour,

**IMPROVEMENT WORKS – Replacement of Croxted Road, Rosendale Road and Village Way Bridges**

Please find below updated information from Network Rail regarding the essential improvement works near your property. These improvements are a vital aspect of our strategy to provide a safe, reliable and efficient railway fit for the 21<sup>st</sup> century.

Assessments to Croxted Road, Rosendale Road and Village Way Bridges built in 1865 have concluded that all the structures are under strength and need to be replaced. The design of the new bridges will compliment the existing bridges. The brickwork pilasters to the corners of the structures have heraldic crest features and these will be retained within the permanent works.

Enabling works including support strengthening and diversions for utility services will continue up to December 2013. There will continue to be single lane road closures until the completion of these works.

From **21.00hrs Sat 11 January to 23.00hrs Sun 26 January 2014** Croxted and Rosendale bridge roads will be closed to all vehicle traffic. A pedestrian walkway through the bridges will be maintained and accessible throughout this time except for the dates and times below.

Rosendale Road

From	To	Activities
19.00hrs Fri 17 January 2014	08.00hrs Mon 20 January 2014	Bridge construction works

Croxted Road

From	To	Activities
